The Georgia League, a mountain biking league for middle and high school students, was recognized in June as one of the fastest growing leagues in the Southeast by its umbrella organization, the National Interscholastic Cycling Association (NICA). NICA also recognized the GA League for leading the way in female student and adult recruitment through its [Crank Sisters](#) program. The GA League began its season on September 11th by doubling its participation numbers for the second season in a row. Over 400 registered student-athletes, 150 coaches, and 30 teams from across the state, and 2 in South Carolina, are participating in the 2016 season.

The Georgia League is a 501c3 nonprofit organization currently operating under the National Interscholastic Cycling Association (NICA) umbrella, providing exclusive mountain biking programs for middle and high students. The Georgia League is one of nineteen leagues in eighteen states overseen by NICA, established in 2009, with over 10,000 student-athletes and 3,700 licensed coaches participating across the nation. The Georgia League is open to all Georgia students, regardless of ability, believing that cycling is about lifelong health, not just today's win. Scholarships and loaner bikes are available to students in need.
