

2018 YOUTH CYCLING

YOUTH DEVELOPMENT THROUGH CYCLING

The Georgia Interscholastic Cycling League (Georgia League) provides youth development programs for 6th–12th grade students through cycling in the great outdoors. The Georgia League programs strive to create confident and responsible young adults and to provide them with the opportunity to learn about and participate in healthy and active lifestyles. We work to ensure the success of cycling by establishing and maintaining safe, quality youth programs around the state. Open to all Georgia and South Carolina students, we offer scholarships and “loaner” bikes to students in need.

LET'S KEEP IT GROWING

Since 2014, the Georgia League has trained over 1381 student-athletes and 674 coaches through its Mountain Bike Youth Development programs. Interest and excitement in the League continues in 2018 with over 850 student-athletes, 450 coaches, and 55 teams expecting to participate in the upcoming fall season!

The GA League is one of twenty-two leagues in twenty-one states overseen by the National Interscholastic Cycling Association (NICA) established in 2009. NICA has quickly grown to 14,394 student-athletes and 6,453 licensed coaches across the nation, with state leagues added every year.

MISSION

To enable every 6th–12th grade student in the state of Georgia to strengthen body, mind and character through the lifelong sport of cycling, in an equal and inclusive environment.
